

# Micki's Fruit Fluff

## The ingredients:

- |          |                                     |
|----------|-------------------------------------|
| 1 box    | Cheesecake flavored instant pudding |
| 1 tub    | Cool Whip                           |
| To taste | Fresh Fruit (frozen works also)     |

## So Easy!

1. Transfer Cool Whip into a large bowl
2. Sprinkle and stir in about half of the pudding mix
3. If the fluff is too liquid, stir in more pudding mix
4. Stir in the fruit
5. Chill and serve

## Micki's StressLess Tips:

- This recipe is so quick and easy - no measuring involved! Just mix, chill, and serve
- The whole box of pudding mix makes the fluff seize up and not be fluffy. So add a little at a time until a delightful fluffy texture results!
- Frozen fruit may be easier to transport in the RV. Allow time after mixing for the fruit to thaw - at least partially
- Any flavor pudding will work; we prefer the taste of the cheesecake flavor.
